Graphic designer with a recently earned certificate in full stack development from Vanderbilt University, with newly developed skills in JavaScript, CSS, React.js, and responsive web design. Bringing forth expertise in design, installation, testing, and maintenance of web systems while working on a team of three to develop a single-page MERN application to help boot camp grads explore available jobs, track applications they've submitted, as well as track which companies they've interviewed with. Equipped with a diverse and promising skill-set, and proficient in an assortment of technologies and softwares including Adobe Creative Suite, JavaScript, React and MySQL. Passionate about creating life-enhancing user experiences and collaborating with others to develop meaningful mobile and web applications. My educational and professional background in technology, combined with a passionate drive to produce unique projects, would make me a strong addition to any organization.

Skills

HTML, CSS, JavaScript, React, Express.js, Node.js, API Rest, AWS, MERN, Wordpress, MySQL, MongoDB; Adobe Creative Suite: Photoshop, InDesign, Illustrator, Acrobat, After Effects
